**BUBBLE DIZZY**

It's MANIC! It's CRAZY! It's the most frantic DIZZY arcade action game yet ! Test your reflexes as Dizzy leaps from bubble to bubble in DEEP UNDERWATER caverns! Collect pearls! Watch out for DEADLY creatures! It's FAST! It's furious! It's BUBBLICIOUS!!

Dizzy's in trouble - again! Dizzy was taking a boat journey to visit his girlfriend, Daisy and present her with a glittering pearl necklace (the old romantic). But! Catastrophe strikes as Dizzy discovers he's not on a passenger boat at all! It's a pirate ship, captained by none other than the evil Captain Blackheart!

"Yikes!" yelled Dizzy as Blackheart snatched the pearls from his clutches! Blackheart hollered, "Avast there! Splice the mainbrace! And chuck this land lubber over the side!". With that, Dizzy was made to walk the plank and - sploosh! - into the ocean he fell!

As Dizzy sank into the mysterious ocean caverns there was only one thing for it - head for the surface and FAST!!

**DIZZY GETS FIZZICAL!**

To rise to the surface Dizzy can jump onto the bubbles rising from the floor of the deep caverns. Leap on top of a bubble, stay balanced and Dizzy floats towards the surface - but look out, that bubble could burst at any moment!

Ledges on the cavern wall make handy resting places for Dizzy. Some ledges house oysters from which Dizzy collects pearls! If he gets enough he can make a new pearl necklace and win Daisy's love!

Danger lurks in the caverns. Beware of the ocean creatures which can drain Dizzy's energy. And don't run out of oxygen either! By leaping onto bubbles and ledges Dizzy can reach the surface and leap onto land!

**GAME TIPS**

- \* Don't stay on one bubble too long
- \* The smaller the bubble the quicker it rises
- \* Make use of the ledges
- \* Collect as many pearls as possible
